

QIBA Process Committee (PC) Meeting

Tuesday, December 5, 2023, at 2 pm (CT)

Meeting Summary

Attendees:

Kevin O'Donnell, MASC (Chair)
J. Brian Fowlkes, PhD

Timothy Hall, PhD
Nancy Obuchowski, PhD

Nicholas Petrick, PhD

RSNA Staff:

Susan Stanfa

RSNA Annual Meeting Quantitative Imaging Symposium: Sponsored by QIBA | Wednesday, November 29

- The theme was, "QI in the Era of AI: Opportunities and Needs" and attendance was favorable
- QIBA accomplishments were highlighted, and the future of QI was discussed
- It was announced that Drs. Tammy Benzinger, MD, PhD and Paul Kinahan, PhD had been appointed as QUIC Co-chairs

Process Committee Review of Latest Version of Profile-writing Group Support Guide

- AIUM staff have recommended that adjustments be made to the sequence of sections; content is currently organized in a top-down format
- Some tasks, e.g., testing site recruitment, were reclassified as additional and optional ways to support a Profile writing group
- A "December 23 target" row was added to the QIBA Dashboard, and the goal is for each group to add those details by the Dec. 21 SC meeting
 - Societies that have agreed to adopt groups will also be listed
- Dr. Fowlkes has been discussing support of US groups with AIUM staff who have indicated that PEQUS task forces would need to decide on regular schedules to avoid recurrent polling for availability

Next Steps

- Dr. Fowlkes to follow up with AIUM staff and report back with more specific questions and comments on the Profile-writing group support guide
- Mr. O'Donnell to send Profile-writing group support guide and a link to the QIBA Dashboard to AAPM staff
- **Next Meeting:** Tuesday, December 19, 2023, at 2 p.m. (CT)
