Moderator: Dr. Smith

Letter from the RSNA Board

- RSNA Board has decided to restructure QIBA activities by creating a new leadership structure; the RSNA Quantitative Imaging Committee (QUIC)
- QUIC will focus on 1-3 Biomarker Committees, to be chosen by QUIC
- Current QIBA committees and activities to wrap-up over the next 5-6 months
- All RSNA Staff administrative support to end by January 1, 2024
- Existing Biomarker Committees welcome to continue independently re Profile development
 - Professional societies encouraged to maintain BC admin support, e.g., AIUM, EIBIR, ISMRM
- QIBA Leadership planning calls with all CC co-chairs to discuss how to best assist BCs advance or complete tasks before the end of 2023, i.e., what realistically can be achieved
- QIBA Steering Committee to meet off schedule (July 20th) to discuss questions/comments with RSNA Leadership
- QIBA Leadership sent an open letter to the RSNA Board outlining concerns regarding their decision
- QCC activities that can be completed within the next 5-6 months reviewed
 - Outreach efforts to SCARD no longer needed since there is no QIBA ask
 - Only outstanding committee action item was a final QIBA Video, to be created by Dr. Boss

QIBA Videos

- [Dr. Chung's RSNA 2022 AI/QI presentation](#) has been posted to the YouTube page with [QIBA videos](#)
 - At the QIBA f2f meeting in May, the CECI² Fellows "experiences as QIBA fellows" video was recorded and posted to YouTube
- Dr. Boss to remotely record a "What are Profiles" video over the next few months

QCC Sunset

- Dr. Smith thanked all QCC members for their valuable time and effort over the past few years, and stated that the committee will sunset immediately
