

QIBA fMRI Biomarker Committee (BC) Call

Wednesday, June 27, 2018 at 11 AM CT

Call Summary

In attendance

Jay Pillai, MD (Co-chair)

David Soltysik, PhD (Co-chair)

Shruti Agarwal, PhD

Jim Voyvodic, PhD

RSNA staff

Joe Koudelik

Susan Stanfa

Review of Previous Call Summary

- The 05.31.18 call summary was approved as presented

Updates

- Dr. Voyvodic provided an overview of the poster (based on his DRO project) that he presented at the June ISMRM annual conference
- Discussion on the numerous Multi-Echo MRI posters and presentations at the ISMRM meeting, e.g., the [“Repeatability and Reproducibility of a New Method for Quantifying Triglyceride Saturation Using Bipolar Multi-Echo MRI”](#) poster
- Noted was the prevalence of using fMRI for epilepsy in Europe vs. tumors in the US
- Dr. Soltysik to forward two papers on resting state and image interpretation to RSNA Staff for fMRI Bias TF member review in advance of the July 3 call
- Dr. Pillai will be unavailable to attend/moderate calls through mid-July due to vacation
- Dr. Mohammed to forward the latest drafts of the checklist and Profile, as well as instructional text to RSNA staff for distribution to BC members who have participated in one or more t-con over the last 3 – 4 months
 - Due to the summer holiday season, at least 2 months will be allowed for feedback
 - Additional discussion regarding the procedure for checklist distribution to continue during the next call
- Dr. Elsinger to finish incorporating resolved public comments into Profile 1.0

Next calls:

- QIBA fMRI Bias TF call – Tuesday, July 3, 2018 at 1 PM CT
- QIBA fMRI Biomarker Committee call – Wednesday, July 11, 2018 at 11am CT

RSNA Staff attempt to identify and capture all committee members participating on WebEx calls. However, **if multiple callers join simultaneously or call in without logging on to the WebEx, identification is not possible**. Call participants are welcome to contact RSNA staff at QIBA@RSNA.org if their attendance is not reflected on the call summaries.
