Wiki Help-
Reviewing edits made using the “History” tab

1. The ‘History’ tab tracks changes, additions or edits made to the Wiki
2. Click the ‘History’ tab

3. All changes (additions, edits, etc) are listed in chronological order and list the person who made the changes
4. You may select any two versions to compare (example below compares recent updates)

5. Click on ‘Compare selected versions’ to see specific changes
6. Click on the ‘Page’ tab to return to the entire page/document view.
