

QIBA fMRI Bias Work Group Call
Tuesday, March 5, 2013 at 10 AM CT
Draft Call Summary

Participants

James Voyvodic, PhD (Chair)
Paul Carson, PhD
Ted DeYoe, PhD

Cathy Elsinger, PhD
Feroze Mohamed, PhD

Jay J. Pillai, MD
David Soltysik, PhD

RSNA

Joe Koudelik
Julie Lisiecki

Next steps:

- Continuation of article review on next call – March 19th
- Volunteers are requested to read 1 to 2 articles and provide a 5-minute summary of key points
- (*Please refer to specific assignments below*).

Reviewer(s)	Article (as abbreviated on Index provided)
Drs. Carson and Pillai	MRM_Wu_CBV_CBF_BBB_PASL_VASO_2010.pdf
Dr. Petrella	Radiol_RosenQuant_fMRI_2011.pdf

- All to search for articles that address the BOLD signal and its relationship to neuronal activity, particularly in small animal studies
- Please send articles to Dr. Voyvodic (jim.voyvodic@duke.edu) for compilation and posting on a web server for group review
