**DISCUSSION POINTS:**

1. **Ira Smalberg, MD presented “Local Evaluator and Secondary Reader Issues in Oncology Clinical Trials”**

   Dr. Smalberg is a board certified radiologist, a local evaluator at Tower Imaging Medical Group and a core lab reviewer. He discussed:
   
   - The local evaluator model including separate clinical and research needs, typical struggles, communication challenges
   - Training and performance metrics of local and central readers
   - ODAC decision July 2012 that permits sponsors to rely on investigator RECIST 1.1 assessments using an audit methodology
   - Future goals for local radiology sites including enhanced technology

   During Q and A the question about incidental findings was raised. This will be discussed further at another PINTAD meeting.

2. **The following point on the agenda was not discussed on 27JUN14 due to lack of time but will be discussed at the next meeting:**

   Reader Variability/ Secondary Reads- a thing of the past?

   Future QIBA presentations at PINTAD may include PET and volumetrics.

3. **Next meeting**

   Friday, 25JUL14 11:00 am ET
