

**QIBA SPECT TC<sup>99m</sup> Biomarker Committee (BC) Call**  
**Tuesday, August 13, 2019, 2 PM (CT)**  
*Call Summary*

**In attendance:**

*Yuni Dewaraja, PhD (Co-Chair)*

*Robert Miyaoka, PhD (Co-Chair)*

David Mirando

P. David Mozley, MD

John Sunderland, PhD

Richard Wahl, MD

**RSNA Staff**

Joe Koudelik

Julie Lisiecki

**Moderator:** Dr. Miyaoka

**Preparation for Public Comment**

- Remaining Profile edits were discussed; Conformance testing text to be finalized
- All changes are to be accepted and margin comments removed to prepare a clean version of the Profile for Public Comment (*with line numbers*)
- BC leadership want to have the Profile out for Public Comment by September 2019
- It was decided that the required BC vote to release the Profile will have a time limit of one week, followed by the NM CC vote with the same time limit
- The Public Comment time period of 1 - 3 months has not been determined yet

**Next steps**

- Dr. Miyaoka to complete the Profile edits and send the clean Profile (*with line numbers*) to RSNA staff
- Reminder that prior to entering the public comment stage, the following steps are required:
  - Completion of the internal [review process](#) as specified on the QIBA Wiki
  - BC approval via e-ballot
  - NM CC approval via e-ballot
- As part of the public comment stage, the Profile would be distributed to the comprehensive, cross-modality QIBA membership list (1,000+), associated society list (100+) and additional target contacts specified by SPECT TC<sup>99m</sup> BC members
- If the public comment stage is reached prior to September 10, the next meeting will be cancelled

**Next call** – Tuesday, September 10, 2019 at 2 PM CT (if needed)
