Profile Overview

- Profile development progressing; few section gaps remain
- New Profile format based on similar section numbering as seen in the UPICT protocol template
- Profiles match in format across all Technical Committees
- Hybrid approach deemed acceptable: edit based on need; eliminate unnecessary sections and “bulls eye” details
- Publication references needed for test-retest studies
- Profile contains a single Claim; table-of-contents needs to be updated to reflect this
- Ratio maps and intensity correction discussed
- Imaging vendor input needed in Appendix G

QIBA Round-1 Project Updates Discussed

- Dr Barboriak discussed his synthetic data study

Next steps:

- Dr Guimaraes needs Profile input from Drs Barboriak, Ashton, and Rosen
- Dr Jackson requests feedback on publication references for test-retest studies
- Ratio maps to be deleted in Profile v1
- Dr Purdy awaiting company (Siemens) confirmation to circulate vendor guidance details
- Dr Jackson to follow-up with Drs Gupta (GE) and Ivancevic (Philips) to provide lists/tables of vendor guidance to assist with implementation (details needed before summer break)
- Dr Laue to forward algorithm to Dr Barboriak
- Dr Jackson to provide brief project update in two weeks
- Next call scheduled for Wednesday, April 27, 2011 at 11 am CDT
