

## QIBA Dynamic Contrast-Enhanced (DCE) MRI Biomarker Committee (BC) Call

Monday, October 12, 2020 at 11 am (CT)

### Call Summary

#### In attendance

Caroline Chung, MD (Co-Chair)

Hendrik Laue, PhD (Co-Chair)

Wolter de Graaf, PhD

Todd Jensen, PhD

Cristina Lavini, PhD

Ho-Ling (Anthony) Liu, PhD

Nancy Obuchowski, PhD

#### RSNA staff

Joe Koudelik

Susan Stanfa

### Final Group Review of the DCE-MRI Profile and Plans for Upcoming DCE-MRI BC Calls

- A final Profile internal BC review by Drs. Boss, Guimaraes and Rosen was completed, and recommended revisions were incorporated into the final Stage 1: Public Comment Profile
- Drs. Laue and Russek to follow up offline re: the NIST phantom library; contact details are needed for the Profile
- There was consensus among DCE-MRI BC members to skip the next two t-cons while the BC and CC votes-to-release are underway; the group planned to reconvene on November 23
- Staff confirmed that there was no QIBA Kiosk presence during this year's RSNA Virtual Annual Meeting, so groups would not need time to develop posters

### Next Steps

- A line-numbered, official Stage 1: Public Comment PDF version to be submitted to staff and proposed public comment announcement message to be reviewed by Drs. Chung and Laue for distribution
- RSNA Staff to circulate an email to BC members with [voting privileges](#) to obtain approval (vote-to-release) that the content of the Profile meets the [criteria for Stage 1: Public Comment](#)
  - The email will contain a link to the [ballot](#) and the lined, PDF Profile version will be attached
  - Voting members will be asked verify whether this Profile conforms to [Profile Guidelines](#), and is of sufficient quality to release for public comment
  - The ballot period is typically ~2 weeks to allow time to review the full Profile text
  - BC members without voting privileges will be informed that the Profile has entered the approval stages for public comment
  - An MR CC vote will follow

**Next call:** Monday, November 23rd, 2020 at 11 am (CT)

---

RSNA Staff attempt to identify and capture all committee members participating on WebEx calls. However, **if multiple callers join simultaneously or call in without logging on to the WebEx, identification is not possible.** Call participants are welcome to contact RSNA staff at [QIBA@RSNA.org](mailto:QIBA@RSNA.org) if their attendance is not reflected on the call summaries.
