

QIBA FDG-PET Profile Authoring Session  
Friday, March 11, 2011 at 9 am CT  
Call Summary

**In Attendance**

Ronald Boellaard, PhD  
Andrew Buckler, MS  
Patricia Cole, PhD, MD  
Michael Graham, MD, PhD  
Paul Kinahan, PhD

Eric Perlman, MD  
Rathan Subramaniam, MD  
Jeffrey Yap, PhD

**RSNA**

Joe Koudelik

**Discussion topics:**

- Mr Buckler to set call agenda and coordinate Profile writing efforts with Drs Boellaard and Kinahan providing content support
- Profile remains high priority for FGD-PET Tech Ctte; all volunteers welcome to participate
- Small writing groups (3-5 people) to focus on Profile development; purpose and format remains critical
- Combining protocol and Profile writing assignments proposed
- Profile to include FDG-PET gap analysis details (i.e. what's missing or still needed)
- Specific Profile section writing groups proposed to limit focus and assign writing tasks

**Next steps:**

- Cross-discussion suggested with FDG-PET Profile writing group; Dr Dorfman to provide insight
- Image acquisition, reconstruction, analysis text needed next
- Review of single Profile sections and review how these relate to protocol text
- Image acquisition to be discussion topic on next call (Mar 25th); Dr Kinahan to report back on progress
- Next call scheduled for March 25<sup>th</sup> at 9 AM CDT
