Agenda:

1. Update: Status of the Clinical Challenge
2. Metrology topics for discussion
3. Next steps, other issues

Discussion:

- Discussion of test/re-test analysis report and underlying mathematics to continue on group calls
- Discussion centered around the “concordance correlation coefficient”

Action Items:

- Participants are invited to send any questions regarding the challenge / study design to Dr. Danagouliau: jovanna.danagouliau@bbmsc.com
- Group to resume discussion with tertiary analysis across repetition, rather than across readers, on the next call, 7/18

Timeline for clinical challenge:

- **7/15/2013** - Deadline for participants to report their findings to study organizers using anonymous ID
- Next participant reminder to stress inclusion of workflow description, taking care not to mention product names or other identifiers

Next call: *Thursday, July 18, 2013 at 11:30 AM CT.*
