Profile editing and Dropbox Etiquette

- Please save edited documents using track changes, with a new date / suffix, and return to the main folder in Dropbox
- Return the version you started with in the z.drafts folder
- **Please do not delete** any documents from Dropbox, as they will no longer be accessible in the shared folder
- All but the last version of the Profile have been moved into the “z.drafts” folder
- If two people open and edit a file in a shared folder at the same time, Dropbox will save both of their changes, but in separate files.

Task Force Progress Updates

- The Quantitative / Image Analysis Task Force is finalizing DICOM headers for an Appendix B, which will be available in the [Dropbox folder](#) for review
 - DICOM informative text will refer to Appendix B
 - Dr. Kinahan to follow up with Mr. O'Donnell and the Process Committee regarding recommendations for formatting and placement of informative text
- The Phantoms/ DRO Task Force has cleaned text, accepted minor edits, and are in the process of scanning the Profile for any remaining open issues
- The Quantitative and Image Analysis Task Force has accepted tracked changes for image analysis
- The Clinical Literature Review Task Force updated all references

Discriminatory Claim / Claim Finalization

- Upcoming meetings for discussing the claims will be held on *Tuesday, 9/20* and *Tuesday, 9/27* at 2 pm CT
- Dr. Obuchowski indicated that there is sufficient data to support a discriminatory claim from a statistical standpoint

Future Planning

- The revised deadline for release of the I-123 Profile is now October 1st, at which time task forces will transition to Technetium-related WebEx calls
- Dr. Mozley stated that the Technetium (99m Tc) draft Profile is also nearly ready for BC internal review

Call for Volunteers

- Experts in Technetium will be needed to finalize the next Profile
- Volunteers willing to moderate task force calls or biomarker committee meetings would be appreciated
- Please email the SPECT BC co-chairs if interested: yuni@umich.edu; Moz@Endocyte.com; jseibyl@mnimaging.com
