• Review of letter to ASTRO

- Dr. Kinahan modified The American Society for Radiation Oncology (ASTRO) draft responses document.
- Discussion topics included:
 - Medical Physicist requirements for qualification based on AAPM, QMP and ACR guidelines.
 - CT and PET CT protocols to include checks of laser alignment.
 - Radiation Therapy issues may be addressed in a separate Profile instead of modifying the existing document.
- The final response document will be circulated to the Technical Committee for feedback before sending back to ASTRO.

• Year 3 NIBIB-QIBA Projects

- RSNA Staff has begun assembling subcontract details. Each subcontract must be pre-approved by the government Contract Officer.
- FDG-PET Co-Chairs to clarify project details regarding sites and scanners.

• Profile for Amyloid PET neuroimaging

- The co-chairs announced the creation of a new Amyloid PET Neuroimaging Writing Group.
- The t-cons will alternate with FDG-PET Tech Ctte T-Cons on Fridays at 9am (CT).

• QIBA Poster

- The FDG-PET Poster will be located in the Lakeside Learning Center Hall D by the QIBA Kiosk.
- Due date is November 1st to the RSNA for printing and delivery.
