#### Topics Discussed:

- Progress on BC internal review of public comments and corresponding DCE Profile edits

#### Action Items / Next Steps:

- [Public Comment Resolutions](#) to continue to be incorporated into the [DCE-MRI BC Profile](#)
- Dr. Laue had accepted most of the changes to the Profile suggested during BC comment review
- Dr. Lavini's suggested updates to the Profile were discussed
- Mr. McCullum proposed that the general term, "scientist" be included in the 3.1. Staff Qualification section and that the language "Where the Actor is the Physicist / Technologist" be added to the heading and checklist in the 3.6.2 Specification section
  - Dr. Boss noted that the new Profile template arranges checklists by actor, e.g., 3.6 Physicist Checklist, 3.7 Technologist/Scanner Operator Checklist, etc.
  - The DCE-MRI BC is using an older Profile format in which checklists are arranged by imaging protocol and contain an actor column (actor listed corresponds with each specific parameter)
  - Dr. Boss to discuss this formatting issue with the Process Cmte
- Dr. Laue to replace parenthetical author name citations within the body of the Profile with numbers
