

## **Review Process for External Profiles Seeking QUIC Endorsement**

1. Profile authors to submit QUIC Profile endorsement request to [giba@rsna.org](mailto:giba@rsna.org)
2. Profile authors to submit a draft Profile, Checklist and Comment Resolution Spreadsheet for consideration
3. Profile authors to complete the *Profile Endorsement Criteria/Requirements* Checklists regarding the completed Public Comment (Stage 1) and Consensus (Stage 2) phases

## **Profile Endorsement Criteria/Requirements Checklists**

### **Draft Phase (Stage 0)**

- Clinical Utility
  - This QIB has immediate clinical utility in clinical trials and/or clinical care
- Supporting Literature
  - Abundant supporting literature is available for this QIB
  - Literature search and meta-analysis has been performed
- Supporting Data
  - Test/retest data is available and supports Profile Claim development
- Profile and Checklist Format
  - The Profile and Checklist follow the streamlined QIBA Template

### **Public Comment Phase (Stage 1)**

- Consensus was achieved among authoring group members to pursue Profile Public Comment (Stage 1)
- Length of this feedback period
- # of recipients requested to participate
- # of respondents (was quorum attained)
- Feedback reviewed and addressed by authoring group
- Comment Resolution Form was completed
- Consensus was achieved among authoring group members that Stage 1 requirements were achieved

### **Consensus (Stage 2)**

- Profile authors revised the Profile based on feedback received during Public Comment
- Consensus was achieved among Profile authoring group members to publish Profile as Consensus (Stage 2)

**Profile submission requirements for QUIC consideration**

- Existing/historical authoring groups (formerly QIBA BCs) would only need to submit their Profile and Comment Resolution Form since they will be assumed to have followed the established QIBA processes correctly.
