2. Round-2 (NIBIB) Proposed Project Funding
 - 3 submissions from Drs. Hoekstra, Wahl, and Yap; project details are being finalized
 - Projects to be an agenda item for the breakout session at the f2f during the RSNA Annual Meeting
3. PET Profile Update (Dr. Perlman)
 - Dr. Perlman is looking for feedback on version 0.5.4; the full technical committee by the RSNA Annual Meeting pending approval from the Internal Review Committee
4. Face-to-Face meeting to discuss FDA Briefing Document and Representatives of QIBA and FNIH/The Biomarkers Consortium Summary (Dr. Higley)
 - The meeting was more of a tutorial; there were no issues of ambiguity
 - The plan is to send responses back to the FDA
 - Mr. Buckler discussed the parallels to the CT Volumetry FDA discussion
 - Any comments on the documents circulated should be directed to Dr. Higley hhigley@ccsainc.com
 - The next step will be for the technical committee to look at specific questions raised and map an action plan and review at the next meeting; this will be an agenda item for the f2f at the RSNA Annual Meeting and a potential follow-up t-con
