Previous Meeting Recap (Dr. Whitlow)

- The call summary from last meeting was briefly reviewed

Literature Review (Drs. Schneider and Whitlow)

- Dr. Schneider to conduct an updated literature search and establish an article repository
- An Excel spreadsheet will be used to organize and track articles accumulated during the literature review
- In efforts to streamline the process and to limit the amount of workload per person, assignments will be distributed across the DTI+ BC membership; 2-3 articles per month estimated for each reviewer
- Dr. Schneider to draft initial assignments for review of technical area papers and will adjust them in response to member feedback
- Literature review results will be used for Profile Claim development, as well as for drafting a technical paper

Next full DTI+ BC Call: TBD

RSNA Staff attempt to identify and capture all committee members participating on WebEx calls. However, **if multiple callers join simultaneously or call in without logging on to the WebEx, identification is not possible**. Call participants are welcome to contact RSNA staff at QIBA@RSNA.org if their attendance is not reflected on the call summaries.
