**Moderator:** Dr. Averkiou

**Call summary:** We held the first Literature Review Task Force meeting and discussed the following items:

#### QIBA CEUS literature

##### Mendeley

Link: <https://www.mendeley.com/community/2ef95f37-98b6-313e-b0ba-4ab70174114b/>

Library is public for now and anyone can log in with a Mendeley account. Please create a new account.

The library will become private soon for more protection, and it will be curated by [Sara Keller](#) at UW.

Please watch short video tutorials (3 videos roughly 2 min each) if you are new to Mendeley.

##### Possible categories/tags

Review papers

Clinical application (Liver, RCC, IBD, breast, cardiology, pediatric, etc.)

In-vitro works

In-vivo preclinical (animal)

Bolus injection

Infusion Destruction replenishment

Curve fit models

Contrast agents

Parametric imaging/processing

Software used

Repeatability results

#### **Action items:**

Send Julie your request to join the private Mendeley library.

You will then receive an invitation to join from [Sara Keller](#) at UW.

Add journal papers in the public (open) library now.

Once the library becomes private, add papers and categorize (assign tags) at the same time.
