QIBA NM Modality Poster for RSNA 2019:

- The focus of the posters this year has been changed to appeal to the broader radiological community and illustrate the value of QI and QIBA
- Dr. Sunderland has created a draft poster for the NM modality and has requested feedback from colleagues by **October 11th**: john-sunderland@uiowa.edu
 - The white boxes provide overview details
 - The teal blue boxes provide examples of QIBA methodology
 - Articles from the *Journal of Clinical Oncology* (JCO) and Washington University quantitative endpoint studies are referenced
- The bottom two panels are still in progress
- Additional details are needed:
 - Drs. Wahl and Yap to provide some additional text for FDG
 - Dr. Smith to provide details for PET Amyloid
 - Dr. Miyaoka to provide details for SPECT
- Dr. Wahl also suggested trimming the text and focusing on key bullet points and larger images
