Moderator: Dr. Cole

Profile Work

- Dr. Serai and Dr. Venkatesh will develop a new revision of the draft profile, based on discussion at the January 2016 call
- Plans made to submit a meta-analysis article to RSNA for publication in *Radiology*
- Dr. Serai to draft and submit meta-analysis abstract for RSNA Annual Meeting by April 13 deadline
- Dr. Ehman to provide QC text for the Profile by the QIBA Annual Meeting
- Work to obtain vendor protocol parameters continues
- Dr. Sirlin noted how the device/probe dependent nature observed across multiple vendor platforms has made US difficult within clinical trials; MRE has proven easier to use in most situations

QIBA Annual Meeting: April 13 – 14, 2016

- There will be a table designated for the three MRE BC members who will be participating in the breakout sessions during the meeting
- A draft of the Profile will be ready in time for discussion in the MRE BC breakout sessions

General

- No MRE BC or MRE Profile Task Force calls will be scheduled for April

- **The next MRE TF Call is scheduled for: Tuesday, April 26 at 1 PM CDT**
