#### General Discussion Items:

- Four week call rotations established based on “General Business”, “Small Nodule Profile Authoring” and “Advanced Disease Profile Authoring”
- Small nodule Protocol and Profile documents under development
- Detailed review of Small Nodule Profile; section details discussed
- Protocol vs. Profile uses discussed
  - Protocol is written for clinical trialists as guidance
  - Profile contains performance Claims and is written for vendors
- Imaging response criteria discussed

#### Next Steps:

- Dr Gustafson offered to draft Profile Claim language and provide mark-ups; will report back to group on next Early Stage Authoring call
- Dr Mulshine to wordsmith Profile title
- Dr Mulshine to follow-up with Mr Avila concerning systematic integration of phantoms and DRO's
- Drs McNitt-Gray and Fenimore to look into phantom use to help develop protocol
- Mr Buckler to send latest Profile draft to RSNA staff to circulate for mark-up/feedback
- Next **Small Nodule Profile Authoring** call scheduled for Monday, March 14, 2010 at 11 am CST
