Profile Editing Review

- The latest revised draft of the Profile was reviewed
- Dr. Chen-Mayer is completing volume adjustment measurements
- Data will be incorporated into pivot tables that Dr. Fuld is compiling
- Dr. Fuld was able to provide partial edits to Dr. Fain with additional edits to follow
- Dr. Fain will provide an updated version of the draft Profile prior to the next call

RSNA 2016 Lung Density BC Poster – Due October 31st

- Drs. Lynch and Humphries will lead the design effort for the poster, with collaborative input from team members
- Volunteers are encouraged to provide content. Please email Dr. Fuld if you can help:
matthew.fuld@siemens.com

Strategy for Upcoming Calls

- The group plans to rotate topics on upcoming calls to include the following:
 1. RSNA 2016 poster development
 2. New project under the leadership of Dr. Humphries
 3. Profile completion to prepare for Public Comment
