Neo-adjuvant lung Profile

- Need to continue work on Profile claim and development of protocol in UPICT template format
- Dr Mulshine to work in partnership with relevant team including Dr Cole
- Dr Mulshine will contact Dr Altorki for information on his recent presentation (not yet published) which can serve as background material
- RSNA staff will invite full CT group to call for neoadjuvant Profile

Imaging Biomarkers Roundtable, Nov 3-4, 2009

- There will be a CT modality breakout group on Nov 3
- QIBA is more focused, action-oriented activity; Roundtable has broader context and can help set community priorities

Discussion of content for posters for RSNA 2009

Poster 1

- Dr Schwartz sent MSKCC graphics to Dr Mozley
- Dr Mozley working with Merck graphics dept on printing of poster 1

Poster 2 (4 quadrants)

- Authors will work together for consistent look across titles and quadrants
- Dr Fenimore will check on NIST capability to print poster 2

Next steps:

- Dr Mozley will consult with Merck graphic dept for information on poster 1 production
- Dr Fenimore to check on NIST capability to print poster 2
- RSNA staff to re-send copies of poster specs and QIBA logo to Dr Mozley and Fenimore
- Review of:
 - changes to kiosk slide set and posters
 - use wiki to review posters?
- Dr Mulshine to contact Dr Altorki for presentation info
- Dr Mulshine to work with neoadjuvant group to develop Profile claim and complete Profile in UPICT template format
- RSNA staff to arrange call for neoadjuvant group and invite entire CT ctte
