Pilot Study Analysis Update

- Permission requested for participant company/institution names to be referenced in publications
 - Received 10 confirmations; waiting for 2 more to respond
 - A final reminder to be sent by RSNA staff after 5/31 call
 - If participants do not respond to this last request, they will not be referenced
 - Same request-to-publish was sent to Pivotal study participants
- RSNA forwarded Dr. Kim's analysis and individualized participant results to participants

Pivotal Study Update

- 7 Pilot participants and 3 new contacts have shown interest
- One set of data has been submitted
- Three participants requested an extension
- An extension to submit data has been set for June 21st, 2012

Manuscript Update

- Dr. Athelougou is incorporating text received from section authors
- A draft will be distributed to the group at the beginning of the following week

Next steps:

- Dr. Athelougou to distribute the updated manuscript to the group at the beginning of the following week; feedback welcome
- RSNA Staff to send final reminder regarding permission-to-publish request for participant company/institution names in the manuscript (disassociated from any link to submitted data) after 5/31 call
- Final selection of journal to be determined on next call

Next calls: *Thursday, June 14 and 21, 2012 at 11:30 AM CT*

There will be no call on June 28th.
